

1-800-GRAINGER (472-4643)

## Sponges, Mitt, Cloths, and Pads

**Microfiber Cloths**—2ZPF1 has an absorbent waffle weave to reduce the frequency of wringing.

**Microfiber Pads**—2ZPE2 has an elastic band to hold pad to hand securely. 2ZPE7 and 2ZPE8 are for polishes.

**Sponges**—Lift and hold dust, dirt, and grease. Use 2ZPE6 to polish surfaces.

**Mitt**—Features microfiber on 1 side for cleaning and honeycomb mesh on the other for scrubbing.

Dust Pan with Hand-Held Brush, Brush 5"W x 8"L and Pan 6"W x 7 1/2"L	2ZPC5

## Polishing Pads and Detailing Cloths

**Perfect-It Polishing Pads**—Single-sided high-performance pads attach to Hookit Back Up Pads 2EXY4 and 2EXY5 (sold separately) to fit all 3/8"-shaft slow-speed polishers.

**Perfect-It Detailing Cloths**—2-ply polyester/nylon microfiber won't scratch or streak paint, chrome, glass, dashboards, or other vehicle surfaces.

**Wool Compound Pads**—Use these double-sided pads with adapter 2EXY3 (sold separately) to refine paint surface defects.

**Hookit Back-Up Pads and Adapter**—Backup pad allows quick attachment, accurate centering, and easy removal of single-sided compounding or polishing pads.

## Autobody Sanding Block Kit, Discs, Rolls, and Pads

**Finishing Block Sanding Kit and Refills**—The ergonomic design provides maximum control and comfort. The steel reinforcement plate helps improve finishing results, with reduced sanding effort.

**Gold Sanding Discs and Rolls**—Multipurpose grain is ideal for all automotive finishes as well as wood, metal, fiberglass, and painted surfaces. The "antilog" coating prevents loading to increase cutting performance.

■ Pressure-sensitive adhesive paper backing

**G2 Abrasive Disc**—Designed for automotive and marine finishes, wood, metal, fiberglass, and painted surfaces. The durable backing resists tearing and provides ultimate durability. Antilog coating prevents "loading" of abrasive surface. Feature "Quick-Change" hook-and-loop holding system.

■ Film backing

**G2 Waterproof Sanding Sheets**—Made with a specially treated, waterproof backing for increased "wet" performance and flexibility.

■ Film backing

**Scuffing Pads**—Nonwoven synthetic flexible pads are ideal for scuff sanding and finishing of automotive and marine finishes, wood, metal, and fiberglass.
