

Battery-Powered String Trimmers

These powerful trimmers help you make short work of thick brush, without the noise, fumes, or expense of gas-powered models. Include 0.08"-dia. cutting line, but can be used with larger diameter line, as well. Line length can be easily adjusted via an integral bump feed. Higher amperage provides longer run times.

Note: For accessories including Batteries, Charger, Trimmer Spools, Trimmer Strap, and Trimmer Lines, see Grainger.com.

Shaft Type	Shaft Length	Cutting Width	Line Dia.	Battery Voltage	Charge Time	Includes	Brand	Item No.

Gas-Powered Brush Cutters

HANDHELD

ECHO—Cutters have an ergonomic bicycle-style, U-shaped handle for control. Folds to shaft for easy transport and storage. Feature integrated throttle control with stop/start switch. 44X145 is equipped with an 80-tooth blade and metal shield. 447P92 offers a Speed-Feed cutting head and flex cable drive shaft.

WALK BEHIND

Billy Goat—Cut through weeds over 6 ft. tall, as well as saplings up to 5 cm in dia. Feature 3-speed trans-axle with reverse, reinforced blade spindle, and protected rear-mounted clutch and steel plow-style handles. Angled rear discharge deck eliminates packing and wind rows.

Note: For accessories including Brush Blades and Trimmer Line, see Grainger.com.
