## Gas- and Battery-Powered Backpack Blowers

Description	Engine Displacement	Max. Air Flow	Max. Air Speed	dBA	Item No.
<b>ECHO Gas Powered Tube Mounted Throttle</b>					
Blowers	58.2 cc	510 cfm	215 mph	70	40JW43
	63.3 cc	535 cfm	215 mph	65	52DD74
	63.3 cc	651 cfm	233 mph	74	44X137
	63.3 cc	765 cfm	234 mph	73	44X139
<b>Hip Mounted Throttle</b>					
Blowers	80 cc	1,071 cfm	210 mph	80	493X87
	80 cc	1,071 cfm	210 mph	80	493X88
	58.2 cc	510 cfm	215 mph	70	52DD60
	63.3 cc	756 cfm	234 mph	73	52DD58
<b>EGO Battery Powered Tube Mounted Throttle</b>					
Blower—30 min to 1 hr Charge Time	—	600 cfm	145 mph	64	52WT54
Blower Kit with Battery and Charger—1 hr Charge Time	—	600 cfm	145 mph	64	55ET25

**ECHO**—2-stroke engines offer cruise control. Blowers allow wide-angle tube rotation for optimum mobility. Padded backrest and shoulder straps help minimize fatigue. L-style frame helps reduce impact damage, and Posi-loc pipes provide a secure connection. 44X139 has a vented back pad that allows air circulation in hot weather.

**EGO**—Quiet, lightweight Power+ blowers have a powerful turbine fan for heavy debris-clearing power. Variable speed control and high-efficiency, brushless motor. Use a 56V Li-Ion battery.

## Gas-Powered Handheld Blowers

**ECHO**—Feature rotational control to help reduce operator fatigue. 44X133 has rubber top-handle grip with secondary handles for all-position operation and flared-end pipe for moving heavy or wet debris. 425W09 has a curved blower tube and shoulder harness attachment that helps reduce user fatigue. Easy access variable cruise control button located on curved handle. 44X141 is a combination blower, shredder/mulcher, and vacuum. 4-blade shredding mechanism provides 12:1 debris reduction. Includes

35" L intake tube for longer reach and zippered collection bag. 44X133 and 44X141 are CARB and EPA compliant. 425W09 is CARB compliant.

**Makita**—Compact and lightweight model features a commercial-duty engine with variable speed control. Fuel system oil mix to gasoline is not required. Automatic engine decompression allows quicker and easier starts.

Description	Engine	Engine Displacement	Max. Air Flow	Max. Air Speed	dBA	Item No.
<b>ECHO</b>						
Blowers	2 Stroke	25.4 cc	354 cfm	191 mph	64	44X133
Blower/Mulching Vacuum	2 Stroke	25.4 cc	453 cfm	170 mph	69.3	425W09
	2 Stroke	25.4 cc	391 cfm	165 mph	70	44X141
<b>Makita</b>						
Blower	4 Stroke	24.5 cc	356 cfm	145 mph	67	6MYC0

## Battery- and Electric-Powered Handheld Blowers

Battery-powered models use a Li-Ion battery.

**Milwaukee**—338AT0 includes (2) batteries and a charger.

**DeWalt**—Quiet, powerful, battery-operated blowers give you simple variable-speed operation. Ergonomically designed handles with trigger and speed control.

**Makita**—Quieter than gas-powered blowers have zero emissions. Lightweight design provides 30 min. of continuous run time on a single charge. Kit 52YW72 includes 36V Li-Ion battery and charger. Charger actively monitors current, voltage, and temperature throughout charging process to optimize battery life.

**EGO Power+**—Rechargeable blowers have a convenient, cordless design with the power to match or exceed the performance of many premium gas-powered models. Quiet operation allows use in areas with noise restrictions. Provides 1 hr. of run time on a single charge. Weather-resistant construction. Extra batteries and chargers sold separately; higher-ampage batteries provide longer run times.

**Westward**—Lightweight 2-speed blower/vac includes High/Low control switch and collection bag.
