Forklift Sweeper Attachments

Sweepers—Turn forklifts into cleanup equipment. Sweepers are attached to forklift tines and are suitable for wet and dry use, indoors and outdoors. 11" L virgin polypropylene bristles are easy to rotate and change. Mega Series requires Forklift Hitch 4AZZ9 for mounting to fork tines. Replacement brushes are available on Grainger.com.

Accessory Attachments—Magnet Bars pick up nails and loose metal debris. Debris Containment Ends keep debris in front of sweeper. Edge Marker Kit allows driver to see exactly where sweeper is located. To attach the Pro and Mega Series sweepers to a skid steer unit, use 54EM87 Skid Steer Hitch with Pro Series sweepers and both 54EM87 Skid Steer Hitch and 54EM88 Adapter Plate for the Mega Series sweepers.

Gas-Powered All-Season Power Brushes

Brush Sweepers—Walk-behind compact sweepers have a powerful Honda engine and an oscillating broom head, as well as 3 forward gears and 1 reverse gear, for excellent performance on a variety of surfaces. Multifunction controls for travel speed, brush speed, pressure, and brush direction. Adjustable height allows comfortable use. Fold for easy storage. Include Multipurpose Brush Kit.

Brush Kits—Dirt Brush Kits get at embedded and hard-to-remove dirt. Maintenance Brush Kits are ideal for sweeping ground coverings, such as brick pavers, which require special care.

Maintenance Brush Kit For 20UG76	20UG84
Brush Extension Kit For 20UG65	20UG75

Brush Extension Kit adds 5.5" to the broom sweep path, and helps with cleaning around corners and edges.

Debris and Leaf Collection Accessories—Debris Shields help protect the user from flying debris, such as rocks, sticks, and other scraps; Debris Collectors catch the debris, and direct it into the sweep path.

Leaf Collectors push and clear leaves from entryways, sidewalks, and parking lots.

Snow Removal Accessories—Snow Blade and Snow Brush Kit turn your walk-behind rotary broom into an effective snow removal tool. Polar-Trec drive wheels provide positive traction on snow and icy terrain.
