Granular Ice Melts

Inhibitor system contains CMA (calcium magnesium acetate), a fast-acting, longer-lasting ice melter that is safer than calcium chloride. Ready-to-use granules are nontoxic and noncorrosive when used as directed. Safer Choice Certified (Meets U.S. EPA Safer Product Standards).

ecotraction

Winter Traction Mineral

- Effective in all temperatures

Safe, eco-friendly granules provide better traction than sand and resist freezing and clumping. The salt-free alternative is excellent for areas with heavy foot traffic and great for vehicles on side roads and is noncorrosive. Highly visible green particles embed into ice and snow for long-lasting traction. Will not harm people or animals if accidentally ingested and will not damage plants, grass, or concrete parking surfaces. Designed to improve soil's nutrient reservoirs, infiltration rate, aerations, and water absorption.

Size	Coverage Area	Package Type	Item No.
7.7 lb	Up to 288 sq ft	Jug	797NP7

Liquid Ice Melt

- Effective to -20°F

Ready-to-use nonchloride formula inhibits corrosion and won't damage carpets, floors, or shoes. Safe for vegetation. Can be used before storms to prevent ice and snow from adhering to pavement.

SnowEx Push Electric De-Icing Sprayers

- Spray width: Up to 4 ft.
- Fixed T-handle

Deliver a consistent spray pattern of any de-icing liquid from the front boomless nozzle or alternate spray wand. 60 psi pump has On/Off switch for selective lane or spot spraying on sidewalks, stairways, and hard-to-reach areas. Have a poly tank, stainless steel axle, and 13" pneumatic tires. Powered by a 12V electric pump, rated at 1 gpm at 60 psi, which includes a rechargeable 12V battery with 110V charger that fully charges in 12 to 16 hr. Accessible vent cap for easy filling.

49XM94 has a durable stainless steel frame for added corrosion resistance.
