

## Wheelbarrows

Feature durable tires to resist sharp objects while providing traction and positive steering on various surfaces.

### WHEELBARROWS

**Steel Tray Wheelbarrows**—Drawn trays are pressed from heavy-gauge steel. 4 in large curl, ball bearing wheels, and durable chip-resistant finish for added strength. Include cross supports, leg brace, and fully balanced to help prevent accidental tipping and spillage. Models with solid polyurethane tires can run over sharp metal, glass, and even nails.

### Poly/HDPE Tray Wheelbarrows

Seamless trays are durable, easy to clean, and corrosionproof. 10G165 has all-steel front tray braces, cross strips, and "H" braces provide extra strength. Steel leg stabilizers help make tip resistant. 2KTD7 and 4W504 have big wheels for balance and offer solid, one-piece construction. Weather-resistant and leakproof.

### Steel Tray Power-Assisted

**Wheelbarrows**—Powered by (1) 18V LXT battery with option to insert (1) additional battery for extended run time. Have an interchangeable steel bucket and LED lights on each side of the frame to illuminate the work area. L-shaped legs can be easily installed to replace rear wheels. Offer a mechanical disc brake for faster stopping. Front wheel is a tubeless tire, rear wheels are self-sealing tires. 437J43 and 437J44 include (2) batteries and (1) charger.

### ACCESSORIES

**Wheelbarrow Tires**—Eliminate changing flat tires. Knobby tires provide deep traction for maximum contact. Ribbed tires give positive steering on hard-packed surfaces. Universal fit 6 in ball bearing hubs will fit any wheelbarrow.

**Smart Tubes**—Prefilled with a precise volume of sealant to seek out and seal punctures. Prevent flats up to 1/8".

Description	Handle Material	Load Capacity	No. of Wheels	Wheel Dia.	Wheel Material	Wheel Type	Tray Color	Brand	Item No.

## Gas-Powered Misting System

**solo®**

Mist blower creates a super fine mist to apply horticulture, landscaping, pest control, and plant protection chemicals. Features padded tank frame, shoulder straps and hip belt. Antivibration system includes a pistol-grip handle, wide-angle nozzle and 2-cycle engine.

Engine	Tank Cap.	Hose L	Nozzle Type	Item No.
66.5cc	3.2 gal	3.5 ft	Adjustable Mist	60GV41

## BLACK & DECKER solo® Battery-Powered Backpack Sprayers

- Suitable for lawn and garden applications

Have a polyethylene tank with an in-tank filter and reinforced hoses. 35HX49 includes (3) nozzles, (1) 20V Li-Ion battery, and (1) charger. Sprays 50 gal in one charge, in approx. 2 hr. 48XL86 has a 12V Li-Ion rechargeable battery that fully charges in 5.5 hr. Has shoulder straps and waist belt for comfort.

Tank Cap.	Fill Opening Size	Wand L	Hose L	Hose Material	Nozzle Type	Max Sprayer Pressure	Brand	Item No.
