					1XUC8

**REESE™**

**Trailer Hitch Balls**

Select the appropriate ball according to the gross load weight required, the hole diameter on the ball mount, the trailer coupler size, and the ball mount platform thickness.

**REESE™ Master Lock**

**Trailer/Truck Security Devices**

**Receiver Locks**—Attach to trailer hitch receivers to prevent theft. Bent pin style have lock mounted on a bent pin. Dogbone and barbell style have a straight pin.

**Coupler Locks**—Attach to trailer coupler to prevent theft whether trailer is attached or unattached to tow vehicle.

**King Pin Locks**—Keep fifth wheel trailers secure and prevent theft. Locks fit over the king pin.

**Lunette Ring Lock**—Provides security for trailers that have lunette rings. Separate padlock is required.

**Pintle Lock**—Solid steel plate covers the pintle ring and eliminates access to the hitch without a key.
