44X177

799Z49

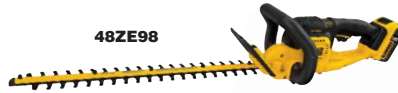

Gas-Powered Hedge Trimmers

■ 2-stroke

Double-sided blade models offer efficient, side-to-side cutting. 492R45 and 44X177 feature tip, blade, and front hand safety guards. Includes i-30 starting system for quicker starts. 44X177 has a vibration-reduction system for more comfortable use. 799Z47 offers a LowVib feature to reduce hand and arm stress. 799Z47, 799Z49, and 799Z51 have a multi-position handle and blade guard. 799Z48 and 799Z53 are lightweight with a powerful X-Torq engine. 799Z53 has an adjustable cutter bar. 52WN53 single-sided trimmer works best for long sweeping cuts.

48ZE98

6MYD1

Battery- and Electric-Powered Hedge Trimmers

BATTERY POWERED

DeWalt—48ZE98 features laser-cut blades and friction clutch.

Milwaukee—49JU95 features slider crank mechanism and all metal gear case. Extended distance from the bail handle to the trigger for greater control. Tip guard prevents damage to the blade.

EGO—453F07 offers hardened steel blades. The electric brake stops the blade action immediately upon release of the trigger.

Makita—20KR57 has a 6-speed dial to let you match speed to application. 5-position rotating rear handle adjusts for vertical and angle trimming. LED battery gauge.

ELECTRIC POWERED

2-hand operation switch, quiet operation, less vibration, and no emissions. Include shear blade and cover plus cord holder.
