Erosion Control Blankets and Silt Fences

These soil-preserving products control erosion and sediment.

Erosion Control Blankets and Staples—Biodegradable blankets contain at least 80% aspen wood fiber. Topped with a photodegradable netting. Green color. Biodegradable anchor staples sold separately.

Silt Fence with Wood Stakes—Lightweight woven fabric lets fluids pass through while trapping soil, preventing soil loss. Fencing is preattached to posts for easy installation.

Description	Brand	Item No.
Erosion Control Blankets and Staples		
Blanket, 4 ft. x 112.5 ft.	DeWitt	34FY05
Blanket, 8 ft. x 112.5 ft.	DeWitt	34FY06
Staples, 4"H, Pkg. of 1000	DeWitt	9J752
Silt Fence with Wood Stakes		
2 ft. x 100 ft.	TENAX	35Z910

Lawn Sprinklers

Whirling Sprinklers—Innovative shape control allows easy customizing of the sprinklers to the coverage area. On/Off switch allows you to adjust water flow at the sprinkler, not the faucet.

Impulse Sprinklers—Shape adjustment is as simple as moving the collars to mirror the shape of the desired coverage area. On/Off switch eliminates trips from sprinkler to spigot, without getting soaked. 491R34 offers a metal base for stability. 491R35 and 1HLX1 have a spike base to anchor them to the ground.

Oscillating Sprinklers—Plastic 425Y08 and metal 425Y09 are fully adjustable oscillating sprinklers with width and length controls. 425Y09 features On/Off control.

Traveling Sprinkler—Travels up to 200 ft. Adjustable arms and automatic shut-off. Die-cast iron body.

Tripod Telescoping Sprinkler—Far-reaching spray for large coverage areas. Metal stand and spiked feet provide durability and maximum stability.

Sprinkler System

■ 3,000 sq ft coverage

Attaches to your outside faucet and installs in one afternoon, eliminates constant hassling with hose and sprinkler adjustments. Sprinkler heads pop up then retract into the lawn for a clean, uncluttered appearance and easier mowing. Waters your lawn automatically the whole season.

RAIN BIRD

Includes

(1) ½ in Barbed Coupling, (1) ½ in Male-Female Elbow Fitting, (12) Additional Sprinkler Nozzles, (2) ½ in Barbed Elbows, (2) ½ in Barbed Tee Fittings, (2) Automatic Drain Valves, (2) Compression Couplings, (2) Drain Valve Adapters, (6) Rain Bird Professional Grade ½ in Inlet Adjustable Rotary Sprinklers, (6) Stakes and Cable Ties, (6) Threaded Male Tee Fittings, ½ in Male Pipe Thread to ½ in Tubing, 125 ft Coil of Distribution Tubing, Adapter, Barbed Fitting Insertion Tool, Faucet Connection Kit, Rain Bird 1ZEHTMR Automatic Watering Timer, Roll of PTFE Tape, Rotor Adjustment Tool/Screwdriver
