

Battery-Powered String Trimmers

These powerful trimmers help you make short work of thick brush, without the noise, fumes, or expense of gas-powered models. Include 0.08"-dia. cutting line, but can be used with larger diameter line, as well. Line length can be easily adjusted via an integral bump feed. Higher amperage provides longer run times.

Note: For accessories including Batteries, Charger, Trimmer Spools, Trimmer Strap, and Trimmer Lines, see Grainger.com.

Cutting Width	Shaft Length	Shaft Type	Line Dia.	Battery Voltage	Charge Time	Includes	Brand	Item No.

*Feature Antivibration Handle.

Gas-Powered Brush Cutters and Mowers

Note: For accessories including Brush Blades and Trimmer Line, see Grainger.com.

HANDHELD

Makita—Features a fuel-efficient engine with automatic decompression for quick-and-easy starting. Oil fill port and drain plug are easy to access. Includes shoulder harness and brush cutter blade.

ECHO—Each brush cutter has bicycle-style "U" handle for control and easy access to the throttle and stop switch. Commercial-grade cutting heads with blade conversion kits, making them blade convertible. 447P92 features Speed-Feed cutting heads and flex cable drive shafts, is extremely lightweight and has a toolless adjusting U-handle that folds for storage. Brush blades sold separately for both mowers.

WALK BEHIND

Billy Goat—Cuts through weeds over 6 ft. tall, as well as saplings. Features 3-speed transaxle with reverse, reinforced blade spindle, and protected rear-mounted clutch and steel plow-style handles. Angled rear discharge deck eliminates packing and wind rows.
