## ecoTRACTION<sup>®</sup> Zeolite Winter Traction

Effective in all temperatures. Safe, eco-friendly granules provide better traction than sand and resist freezing and clumping. Excellent for areas with heavy foot traffic and great for vehicles on side roads. Highly visible green particles embed into ice and snow for long-lasting traction. Will not harm people or animals if accidentally ingested and will not damage plants, grass, or concrete parking surfaces. Designed to improve soil's nutrient reservoirs, infiltration rate, aerations, and water absorption.

Size	Coverage Area	Package Type	Mfr. Model	Item No.
10 lb	Up to 2880 sq ft	Jug	ET4R	19YX34
40 lb	Up to 10,080 sq ft	Bag	ET40X	19YX35

## Premiere Liquid De-Icer

Effective to -20°F

Nonchloride formula inhibits corrosion and won't damage carpets, floors, or shoes. Safe for vegetation. Can be used before storms to prevent ice and snow from adhering to pavement.

## SNOWEX<sup>®</sup> Poly Material Storage Bins

Weather-resistant bins safely store salt, sand, fertilizer, sports gear, or tools outdoors. Heavy-duty, UV-protected polyethylene construction with forklift pockets. Storage Bins have a hinged lockable lid. 2FGV7 and 2FGV8 offer a material scoop and content placards.

## Pretreat and De-Ice Backpack Sprayer

Internal pressure chamber provides operational pressure of 90 psi to deliver pretreatment and de-icing liquids. Poly tank has easy-fill 4" opening, built-in straining basket, and Viton O-rings and seals. Poly wand has a continuous spray feature. 2 poly and 1 brass nozzle provide stream and fan spray pattern choices.
